

April 2019 Exam Preparation

This program will deliver a comprehensive exam preparation program aimed at preparing year 11 and 12 students for their first semester exams early in Term 2. These classes will focus on specific exam questions and explain in detail how the syllabus content can be employed to construct successful examination responses. These classes offer students a structured revision program that will add value to the independent study they are doing at home.

Program includes:

Essay Writing: The essay writing program consists of four hours of teaching broken up into one hour a day for the four days. It re-teaches the structure of a critical essay and reinforces the importance of constructing a sound thesis and topic sentences, and revises how to include evidence to justify these claims.

Study Skills: This program contains four hours of teaching broken up into one hour a day for the four days. It focuses on units such as exam techniques, stress management, goal setting and time management.

Subject Revision: This program contains 7.5 of teaching with a focus on reteaching and revising the specific syllabus areas that will be assessed in the first semester exams.

Exam Preparation: The classes focus on the revision of topics followed by a discussion on how this material is assessed in exam style questions. There is sufficient time within the program for teachers to model how to answer exam questions successfully as well as time for students to independently practice constructing their own answers. All the teachers involved in this program have significant marking experience and know what needs to be addressed to ensure students meet with success in exams.

A Successful Program

Students attending exam preparation programs report that they feel more confident tackling assignments and are better prepared to sit their exams.

F.A.Q.

How can students be assured that what they have learnt in semester one will be addressed in this program? The answer to this important question is really quite simple.

- ✓ The foundation of our classes is the Western Australian curriculum which is the same syllabus guidelines used by the school.
- ✓ Before the classes begin MMA sends out a questionnaire to all students participating in the program to find out exactly what topics and texts you have been studying and this information is forwarded to MMA's teachers for inclusion in their programs.
- ✓ This questionnaire also asks families to alert us of any specific weaknesses in the student's knowledge that may have been identified by the school or the student so that this specific area can be re-taught by the MMA teacher.

April 2019 Revision Program

Overview

Mindarie Senior College, Peter Moyes Anglican Community School and Quinns Baptist College have joined forces to establish quality revision and exam preparation programs in the northern suburbs for all students living in the area.

The April classes will prepare students for their first semester exams early in term 2. The program provider MMA has a well-earned reputation for delivering some of the best education courses in the state and the cost of \$130 per subject for 7.5 hours of teaching makes these classes outstanding value for families seeking academic support during the April holidays.

Structure

Classes will be delivered at **Mindarie SC, Peter Moyes ACS and Quinns BC campuses**. All three schools are located next to each other, which allows for easy movement between classes.

Program includes:

- ✓ Essay Writing and Study Skills – 4 hours of teaching
- ✓ Subject Revision – 7.5 hours of teaching
- ✓ Exam preparation
- ✓ Experienced teachers
- ✓ Comprehensive revision booklets for each subject
