NEXT ATARGET COURSE

APRIL REVISION AND EXAM PREPARATION PROGRAM

Monday 14 April to Thursday 17 April

The April classes are an eight-hour program that delivers specific subject revision followed by a discussion on how this material is assessed in ATAR-style exam questions. There is sufficient time within the program for teachers to model how to answer these questions successfully as well as time for students to independently practice constructing their own responses. Our teachers have significant marking experience and know what needs to be addressed to ensure student success in exams.

ACADEMIC SUPPORT

Master Classes are one-hour sessions conducted once a week in term time. Each week they reteach, revise and reinforce the topics and areas of study that students are dealing with in their classes at school.

OBJECTIVES

Master Classes offer students:

- ✓ Ongoing academic support
- ✓ More confidence at school
- ✓ A better chance of success in assessments
- ✓ Individualised help solving specific problems
- ✓ Small group classes
- ✓ Subject specific study-guide booklets

A SUCCESSFUL PROGRAM

All students attending our programs report that they feel more confident in tackling their assessments at school.

Some students find it very difficult to sustain an independent study program. These Master Classes offer them a structured way to comprehensively prepare for their assessments.

NAPLAN

NAPLAN is a national assessment program evaluating literacy and numeracy standards for students in years 7 and 9. The tests are conducted between Wednesday 12 March and Monday 24 March. Students who obtain a certain level of competency in these tests are not be required to complete OLNA testing in senior school. Our comprehensive NAPLAN preparation program will revise the structure, format and content of these tests and better prepare students for success.

For students seeking extension in Year 7 or 9 Maths and English, there are Extension classes included in the schedule.

ABOUT OUR TUTORS

The staff engaged to deliver these programs are experienced subject specialists. Some are heads of department, others are senior teachers and most have marking experience. They have all delivered similar programs in the past and the student feedback from these classes has always been excellent. This feedback can be accessed from mastermindaustralia.com.au.

ABOUT OUR STUDENTS

Students from all WA schools attend our Master Classes on the CCGS campus and they all have the one objective in common: to improve their understanding of the course content and increase their success in school-based assessments and exams.
