

## July 2025 Revision Program

### Overview

Ashdale Secondary College is proud to announce the continuation of academic support programs to assist all secondary students living in the northern corridor.

These classes offer students a quality revision program that will better equip them for the assessments they will encounter in term 3. For ATAR students they offer a comprehensive, structured exam preparation program that will prepare them for their final school exams.

### A Successful Program

The evaluations from previous MMA programs held on the Ashdale campus are available to the public. The student feedback demonstrates that these classes are an academically superior product which successfully improves both students' understanding of the syllabus and ultimately their performance in exams. To view the students' evaluations of past courses see 'Program Feedback' at [mastermindaustralia.com.au](http://mastermindaustralia.com.au).

### About our Tutors

The staff engaged to deliver these classes are experienced subject specialists. Some are heads of department, others are senior teachers and most have marking experience. They have all delivered similar programs in the past and the student feedback from these classes has always been excellent.

AUSTRALIA

## The July Holiday Program includes:

**Subject Revision:** – 10 hours of teaching: The foundation of the program focusses on re-teaching and revising the specific syllabus areas that will be assessed in exams.

**Exam Preparation:** The classes focus on the revision of topics followed by a discussion on how this material is assessed in exam style questions. There is sufficient time within the program for teachers to model how to answer exam questions successfully as well as time for students to independently practice constructing their own answers. All the teachers involved in this program have significant marking experience and know what needs to be addressed to ensure students meet with success in exams.

# July 2025 Revision & Exam Preparation Program
