

October 2025 ATAR Revision Program

This course will deliver a comprehensive revision and exam preparation program aimed at preparing year 12 students for their ATAR exams.

A Successful Program

Students attending our revision and exam preparation programs report that they feel more empowered and confident in tackling the examinations.

To view the students' evaluations from previous courses, see the 'Program Feedback' tab at www.mastermindaustralia.com.au.

Program Includes:

Subject Revision: These classes consist of six hours of teaching broken up evenly over the three days. The program consists of re-teaching and revision, and is designed to reveal to students how the work they have learnt will be assessed in their final exams.

Exam Preparation: Once the teacher has revised the key concepts in a subject, they then demonstrate how this material is assessed in ATAR-style questions. Teachers will model how to answer exam questions successfully as well as provide time for students to independently practice constructing their own responses. Most of our school teachers have significant marking experience and all know what needs to be addressed to ensure students achieve success.

FAQ

How can students be assured that what they have learnt in semester one and two will be addressed in this program. The answer to this important question is really quite simple.

- ✓ The foundation of our tutorial is the Western Australian curriculum which is the same syllabus guidelines used by the school.
- ✓ We also send out a questionnaire to all families participating in the program before the classes begin, to find out exactly what topics and texts students have been studying, and this information is forwarded to teachers for inclusion in their programs.
- ✓ This questionnaire also asks families to alert us of any specific weaknesses in the student's knowledge that may have been identified by the school or the student so that specific area can be re-taught by the teacher.

October 2025 ATAR Program

Overview

The Mount Lawley Exam Preparation program will assist students in preparing for their ATAR exams. These classes have been highly valued by students, and their evaluations can be viewed at www.mastermindaustralia.com.au.

Staffing

The staff engaged to deliver these programs are experienced subject specialists. Some are heads of department, others are senior teachers and most have marking experience. They have all delivered similar programs in the past and the student feedback from these classes has always been excellent.

Important Study Advice

Some students find it very difficult to sustain an independent study program. These tutorials offer them a structured way to comprehensively prepare for exams.

About Our Tutors

The staff engaged to deliver these classes are experienced subject specialists. Some are heads of department, others are senior teachers and most have marking experience. They have all delivered similar programs in the past and the student feedback from these classes has always been excellent.
